REMARKS

Applicant appreciates receiving the Notice of Allowance of August 8, 2006. Although independent claim 56 recited a "lock," dependent claims 57-60 inadvertently recited a "wear assembly." In order to make the independent and dependent claims consistent, "wear assembly" has been changed to "lock" in claims 57-60. Since the amendments are made only to dependent claims and involve only minor changes, it is believed that they should not affect the patentability of the claims or require additional search. In addition, the amendment is being made concurrently with the payment of the issue fee. Entry of the amendment is requested.

Respectfully submitted,

Dated: September 6, 2006
